Press Release

Payroll Deduction Management System Released

Intersoft announces the release of the new Payroll Deduction Management System, integrating the payment of payroll deductions through Accounts Payable.

Beaverton, OR, October 5, 2009: The Payroll system has been enhanced with options that will interface Payroll to Accounts Payable to facilitate the paying of taxes, levies and other disbursements. The Payroll Deduction Management System provides a fast, efficient and timesaving method of processing payroll deduction liabilities with no re-entry of data from Payroll to AP.

- Miscellaneous deductions, federal and state withholding taxes can be included.
- Deductions combined together in one invoice, or written as separate invoices
 - For example, 401K or insurance deductions could be combined.
 - Garnishments and levies could generate individual invoices for each employee.
- Invoices for the desired vendors are created.
- Transactions are processed as any normal Purchase Journal file in Accounts Payable.

Call us to schedule a web-based product demonstration.

About Intersoft

Since 1982, Intersoft Systems has been the developer and provider of INTERAC software, a fully integrated suite of financial and management applications to streamline control and access to mission critical information at every stage of the business cycle. Our modular structure allows for a flexible configuration to match your specific requirements - growing with you as your needs change - while maintaining a fully integrated interface to all applications.

For Release – October 5, 2009
