What is included in the Laser Forms Package?

The INTERAC Laser Forms package includes support for each of the following forms:

- W2
- 1099 (MISC, PATR, DIV, OID, INT, R)
- 940, 940 Schedule A, 940-V
- 941, 941 Schedule B, 941-V
- 943
- 944, 944-V

With the Laser Forms package, INTERAC will generate all of these tax forms on plain paper, or cut sheet stock. There is no need to purchase pre-printed forms. The system generates the form and the data.

With the Document Management System, copies of these completed forms can be automatically saved to the employee (or vendor) master records, eliminating the costs and hassle of printing and filing paper copies.
